Double your options – and work pace.

For higher-volume businesses with no counter space to lose.

PRODUCT FEATURES

- 65 mm Premium cast steel burrs
- Grind-on-demand portion grinding for maximum freshness and aroma
- Twin grinders with 800 gram hoppers and 65mm hardened stainless-steel grinding burrs
- Electronically controlled timer with variable programmability for single, and double shots
- Stepless grind adjustment
- Hands-free operation
- Individual cooling fans for each grinder
- Electronic shot counters
- Illuminated operating display
- Dual universal portafilter handle rests

Built to last with only top-quality materials

The K30 Twin is essentially two grinders combined into one convenient package, saving approximately 30% of space as compared to two separate conventional grinders.

If you are looking for a grinder to handle the demanding grinding needs of your coffee bar, then the Mahlkönig K30 Twin espresso grinder is the perfect solution.

Operating Display for optimal control.

- software menu in five languages
- alarm signalling and saving
- PIN-protected software for settings and service
- modular build-up
- illuminated operating display

Pioneering grind-adjustment technology lets you set and keep the perfect degree of fineness.

The adjustment range spans 180 to 580 μm , whilst the 80 step indicating scale offers meticulous repeatability. An auto-lock system keeps the adjustment in place.

The revolutionary spout, designed for perfectly centred espresso grinding.

The re-designed spout adapts to every portafilter within seconds by being simply pushed or pulled into place. Made from specially selected anti-static material, honed into a uniquely effective shape, it allows the grounds to flow very fluffy into the portafilter.
