for the quick serve restaurant
The perfect coffee break exists

Experience how flexible and smart the new X15 fully automatic really is. The X15 is designed to guarantee a wide and even more customizable beverages menu, besides higher boiler capacity.

Quality and new compact design Small, practical, perfect for any location. Perfect for offices, hotels, small businesses such as mini-markets, bakeries and quick service restaurants.

FAEMA
THE ART MACHINE

Hoppers and Solubles

Two coffee hoppers, 0.65 Kg/each. Extendable (1.6 Kg each), built-in soluble system (1.5 Kg), split for two different solubles.

NEW 2.0L SMART Boiler

One copper boiler with 2.0L capacity and a heat exchanger of 230 ml. 2.600W new resistance with SmartBoiler function. High performance for hot water and steam.

Milk & Chocolate technologies

With an impressive choice of 96 recipes, thanks to its **hot foamed milk technology,** the embedded powder system and the innovative **split-in-two powder hopper.** X15 ensures you a **flexible menu choice,** based on coffee, fresh or powder milk and soluble chocolate beverages. All systems are provided with **Automatic Washing System.**

SMARTBOILER

The new SMART Boiler makes it possible to maintain constant pressure in the boiler, ensuring maximum steam production and energy savings. (35% reduction in hydraulic connections vs X20)

Easy to use 7" Touchscreen

Thanks to the 7" touchscreen, it is very easy to use and customize. The display will show recipes with intuitive icons, so you can select them, set as a favourite and even save and transfer to another X15 via USB.
